SKILLS

Java | SpringBoot | Maven | MicroServices | System Design | ReactJS | MySQL | Git

EDUCATION

- ❖ CSE | V.B.S. Purvanchal University ,India 2021-25
- ❖ VI-XII (CBSE) | Jawahar Navodaya Vidyalaya ,Ghazipur 2013-2020

EXPERIENCE

- ❖ **JAVA Developer(Internship) | WebeTechies**
(1 June to 15 July 2024)

Developed and optimized RESTful APIs using Java and Spring Boot.

Integrated MySQL database for efficient data management.

Improved application performance by 20% through optimized queries and caching strategies.

PROJECTS

- ❖ **Portfolio WebApp**
Created a responsive portfolio using React.js to showcase projects and skills.
Enhanced user engagement with dynamic animations via Motion Frame.
- ❖ **Ecom-API | Gmail-API | Hotel Booking API | User-Management**
Developed multiple backend APIs using Spring Boot and Maven.
Followed MVC architecture for a structured and maintainable codebase.
Utilized SQL and H2 databases, ensuring optimized storage solutions.
Designed a scalable backend with controller, service, and repository layers.
Ensured high performance and efficient data handling across all APIs.
- ❖ **Brain Burst (Dynamic Learning Experience)**
Developed a fun-based learning app using React Native (Expo) & Spring Boot.
Built secure REST APIs for authentication, content management, and progress tracking.
Used SQL database for structured data storage and retrieval.
Implemented JWT authentication & Bcrypt encryption for security.
- ❖ **Fit-With-Atal**
Developed a gym website with React and Tailwind CSS to provide detailed workout routines.
Featured personal training information to help users achieve their fitness goals.

ACHIEVEMENTS / HOBBIES

- Fitness Enthusiast | Cricket Player | Kho-Kho (National level) | ArmWrestling | Team Player | Leadership Skills
